

Survey of Pap Smear Practices

Aaron Han, MD, PhD

American Hospital Dubai

- 24 from UAE
- 18 from AD

KPIs for Pap Smears

100% Use TBS for Reporting

HPV Rate

- 20% AD vs 50% UAE for ASCUS
- Most HPV testing is done in response to clinician request (about 50 and 80%)
- UAE labs mostly send HPV to reference labs

Disclaimer

Only 50% ticked the Quality Box

TAT

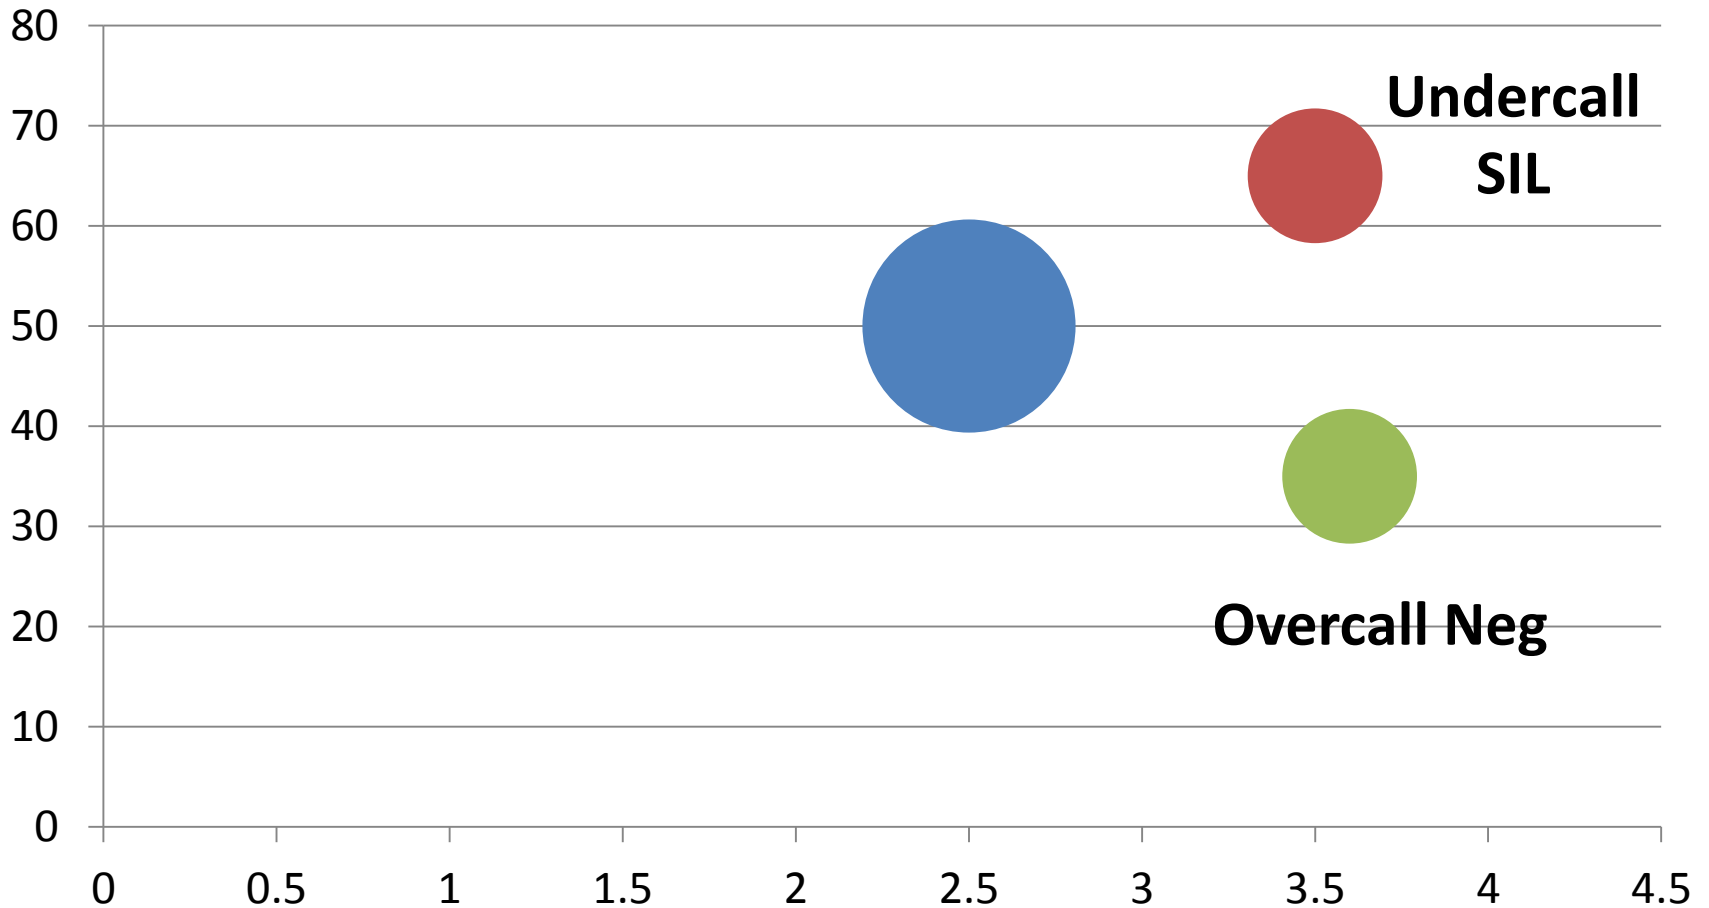

- Clinicians in our practice expect pap smears within a week.
- Majority chose 3-7 days over 1-2 days

How Do We Add Value A Proposal

- Uniform approach to quality
- Conversations with our clinical colleagues
- Measure value over the entire lifetime for care

ASCUS-SIL Ratio High

Cibas et al, *AJCP* 129:97, 2008

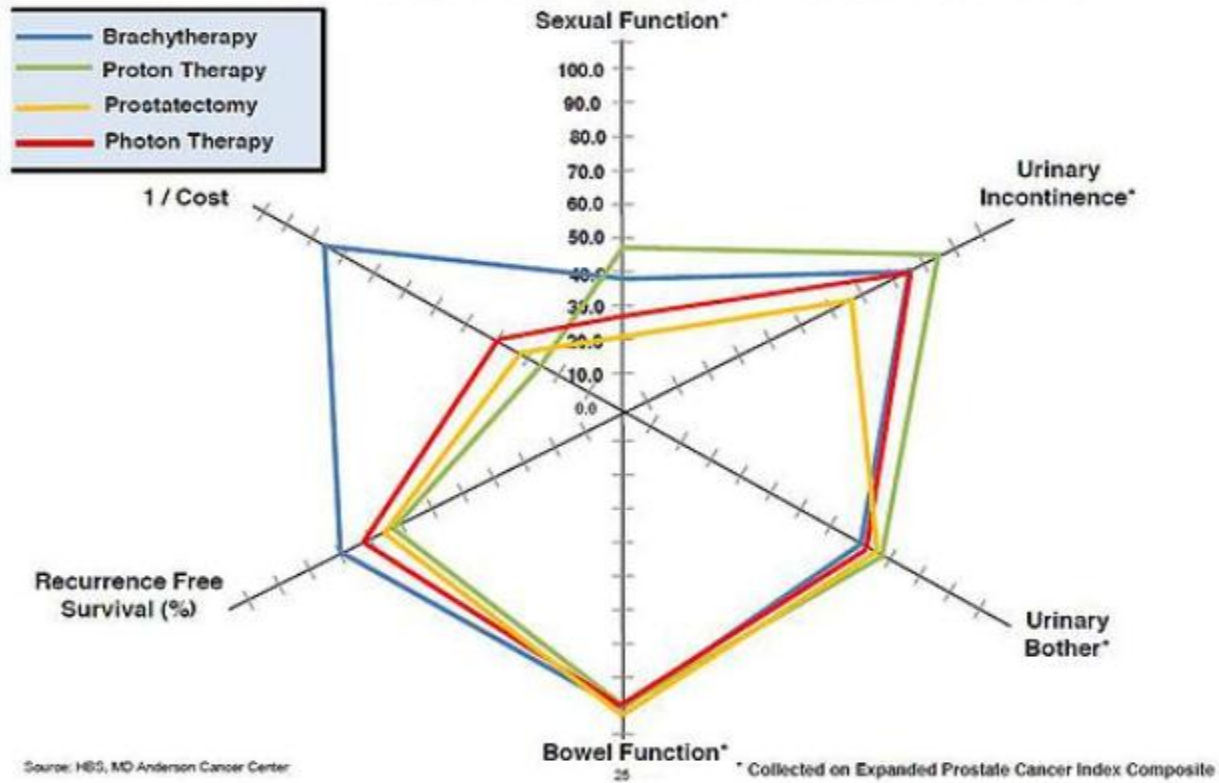

Some Clinicians May Go Direct to Colposcopy

**All LLETZ were indicated by abnormal Colposcopy
For abnormal signs or symptoms**

Pap	ALL SIL No (%)	H SIL No (%)	L SIL No (%)	No SIL No (%)	TOTAL No (%)
