

Announcement

It gives me great pleasure to make the **First Announcement** for the **29th Annual Scientific Congress of the Arab Division** of the International Academy of Pathology (IAP-AD) to be held in **Muscat, Oman** on **November 16-19, 2017**. Attached is the scientific program of the congress and it shows its very rich educational sessions where top international pathologists will be making several timely presentations in their respective fields.

The program also includes a **one day pre-congress workshop** on **Gynecologic Pathology** on **November 15, 2017**. This will include very instructive discussions of unique cases.

The Organizing Committee, headed by Hunaina Alkindi, is working on a very exciting social program. Oman is a very spectacular and scenic country where you will have special and touching experience in this hospitable Gulf country. Please mark your calendars and soon you will receive further registration information on the meeting. In the meanwhile, should you have any questions, feel free to contact Dr Hunaina Alkindi at alkindihunaina@hotmail.com.

Looking forward to seeing at this special event; kindest regards,

Dr. Ghazi Zaatari
